

Dear Parents,

We believe that to fully help all students reach their full potential it takes collaboration between the community, families, and the schools. We would very much like to get some feedback from you on how we are fulfilling the needs of your child(ren) and your family. We have created a parent survey in an effort to get your input into our practices and to look for ways to improve. The following link will take you to an online survey that should take no longer than 10 minutes to complete. If you would like a paper version of this survey please let your child's school know and they will make sure you receive one.

Thank you for your feedback,
